D. Know Your Customer Standards

The objective of the KYC guidelines is to prevent Company's Platform from being used, intentionally or unintentionally, by criminal elements for money laundering activities. KYC procedures enable the Company to know/ understand their customers and their financial dealings better which in turn help them manage their risks prudently. The KYC policy of the Company incorporates the following elements:

1. Customer Acceptance Policy (CAP) - The following Customer Acceptance Policy indicates the criteria for acceptance of customers
 - No account shall be opened in the anonymous or fictitious name(s)
 - No person can be a user below 18 years
 - All required KYC documents are mandatory
 - Account to be opened through the Company's Platform only
 - A user can register/ open only one account with the same documents
 - Additional documents may be sought by the Company based on information security, etc.
2. Customer Identification Procedures (CIP) - Customer identification means identifying the person and verifying his/ her identity by using reliable, independent source of documents, data, information or by using third-party services. The Company needs to obtain sufficient information necessary to establish, to its satisfaction, the identity of each user. Subject to the Company's risk analysis, the nature of information/ documents required would also depend on the type of customer.
